

AVETON GIFFORD DEVELOPMENT PLAN

COMMENTS RELATING TO SITES CONSIDERED FOR SUITABILITY

SITE 2 - MILLHAYE 1.3ha (31 dwellings)
(Called Barnfield in this public consultation)

VOTES;

0	3	0
For	Against	Other

ASSESSMENT;

POTENTIAL - the south eastern section of the site is considered as a suitable potential location for small scale development providing it complements existing character, is sensitive to the ecological value of the area and is not within the areas of site with flood risk issues

COMMENTS;

- 1 Eco site development for park facilities?
- 2 This site should be for additional parking - too low for housing - Flood risk
- 3 Flooding issues? Lay of the land on this site ? Wildlife? Doesn't seem a good site
